Service Descriptions

A LA CARTE PLANTING

We plant, you tend!

A Garden Guru comes to your garden for 1-2 visits during each season (2 visits for Spring/Summer and 1 visit for Fall/Winter) to amend and plant the entire garden. You are then responsible for all of the garden care for the rest of the season.

- You're welcome to join the Garden Guru at the planting visits
- A membership in our Garden Growers Club is included in your service to aid you in the maintenance and care of your garden
- Soil amendments, fertilizer, plants and seeds are included in the service
- Some vegetable selections may be restricted due to the timing of the plantings
- June sweet potato plants are not included in the service

All other supplies can be purchased at our Rita's Roots plant sales with a 10% discount.

COMPLETE CARE GARDEN MAINTENANCE

Want a great garden, but no time to tend? We got you!

We grow you a bountiful organic garden full of vegetables, flowers and herbs of your choice with a year-round harvest. Our full service option includes everything used in your garden for the year - soil amendments, fertilizers, plants, seeds, sprays, trellises, netting and frost + freeze covers. We even cover the garden for you in the case of frost and freezes!

- No need for you to be at the visits, although you are always welcome, and we can leave harvested produce on your doorstep
- A membership in our Garden Growers Club is included in your service
- Complete Care Garden Maintenance cost is based on garden size and is estimated at \$1300 - \$2550 per quarterly billing period
- Save 5% by paying for the year in full
- Complete Care visits occur every 2-3 weeks at approximately 22 visits per year, excluding covering visits

Additional billing may occur for extensive tree root excavation, irrigation repairs, custom critter exclusion, or repeated destruction from pets.
